Notes & Details

Designed with durability and comfort in mind, this Lancaster Table & Seating Harbor black outdoor side chair is the perfect addition to your deck or patio dining area. This black chair features a sturdy, powder coated, galvanized steel construction that's built for long-lasting use. The powder coated frame offers rust resistance that will hold up in the elements, making it ideal for outdoor use. While the mesh seat and gently curved shape provide superior comfort, the full, rounded back provides stability. Plus, the mesh material ensures that water won't pool on the seat, helping it to dry faster after washing, accidental spills, or bad weather. Pair this chair with a black Lancaster & Seating steel table (sold separately) for a complete dining set, or place it with a side table for a convenient seating option near your fire pit or outdoor bar.

This chair's simplistic style and modern shape add a distinct visual appeal to any patio space, craft brew house, urban restaurant, upscale pub, or bistro dining area. Plus, the lightweight design allows you to easily move the chair wherever it's needed most! Its plastic glides protect floors from scuff marks and slide smoothly, helping to keep loud, unwanted noise to a minimum. With its stackable design, you can stack up to 6 chairs for easy, space-saving storage. To keep this chair looking clean, simply wipe it down with a damp cloth and your preferred mild soap. Boasting an ample 300 lb. weight capacity, this strong, stylish chair provides guests with a way to comfortably enjoy your signature drinks, appetizers, entrees, and desserts! To save you time and hassle, this chair ships fully assembled!
