Notes & Details

Enhance your outdoor dining area with this Lancaster Table & Seating Virelli standard height outdoor table and chairs! This wooden dining set adds a touch of natural beauty to your outdoor decor. Better yet, as this set naturally ages, it develops a soft, sun-faded patina over time, providing a unique, silvery gray finish that's sure to dazzle your guests. This set features a water-based varnish that both enhances the look of the wood and protects against harmful UV rays, moisture absorption, and rot, ensuring it will hold up in the elements. Its mortise and tenon joint construction provides superior strength and longevity. To save you money on shipping costs, the table ships unassembled and comes with assembly hardware for quick and easy setup. The chairs ship fully assembled.

Great for indoor or outdoor use, this set is an excellent choice for any business looking to expand their seating options. Each of the 4 included side chairs is made of natural Brazilian cherry wood with an attractive matte finish and boasts an ample 350 lb. weight capacity. The chairs feature a hand-woven 100% polypropylene nautical rope backrest, offering both support and an elegant appearance that will elevate any patio or resort space.

Crafted from solid tigerwood with a warm finish, the table is built to provide long-lasting durability. Its 39 3/8" x 39 3/8" size is perfect for comfortably seating 2-4 guests. A 2" umbrella hole is built into the center of the table so you can attach an umbrella (sold separately) to keep your guests comfortable on sunny days.
