Notes & Details

Keep your outdoor area clean with this Lancaster Table & Seating 22 gallon steel / wood composite round outdoor two-stream trash / recycling can. This trash can is made of durable stainless steel and wood composite. The wood composite slats offer an attractive, natural look. Plus, they're easy to clean for a convenient, low-maintenance solution. This versatile receptacle includes 2 compartments, each with an 11 gallon capacity, to allow guests to conveniently sort their trash and recyclables.

This trash can includes 2 stainless steel inner liners for easy waste disposal and bag changes. It features an open top for convenient one-handed waste disposal, and it includes a security cable for the lid to prevent theft, making it an excellent choice for high-traffic areas. Ideal for use in public transit stations, retail stores, and parks, this trash can is the perfect solution for your outdoor waste disposal needs!
