Notes & Details

Enhance the efficiency and functionality of your outdoor waste management system with this Lancaster Table & Seating 55 gallon heavy-duty round black steel perforated outdoor trash can with plastic dome lid. Crafted from durable, thermoplastic perforated steel and a sturdy steel base, this 55 gallon can is built to withstand heavy use in outdoor environments. The included rigid plastic liner ensures easy waste disposal and maintenance, while the covered dome lid keeps trash concealed and helps prevent odors from escaping. Ideal for parks, municipalities, and schools, this heavy-duty trash can is designed to withstand the rigors of outdoor use and maintain a clean, organized appearance.

Featuring a convenient push door lid, this trash can allows for one-handed waste disposal, making it quick and easy for guests or employees to discard trash. The lid also lifts off easily, providing hassle-free access to the plastic liner for efficient bag changes. With its heavy-duty construction and practical design, this outdoor trash can is a reliable solution for keeping public spaces clean and tidy. Upgrade your waste management system with this durable, functional trash can that is perfect for outdoor use in a variety of settings.
