Notes & Details

Enhance your waste management system with the Lancaster Table & Seating black plastic round can liner designed for a 55 gallon steel outdoor trash can. This rigid plastic liner is specifically crafted to streamline the process of lifting out trash bags, making disposal more efficient and convenient. Equipped with two sturdy handles, this liner offers easy transportation, allowing your staff to effortlessly move and empty waste without any hassle. Its light weight yet durable construction ensures long-lasting use, providing a reliable solution for your establishment's waste disposal needs.

For a quick and hassle-free disposal process, simply line this can liner with a plastic garbage bag, allowing for swift and efficient waste removal. This liner is designed to pair perfectly with the compatible LT&S 55 gallon slatted steel outdoor trash can (sold separately), creating a cohesive and functional waste management system for your outdoor space. Invest in this high-quality can liner to optimize your waste disposal operations and maintain a clean and organized environment for your patrons and staff.
