Notes & Details

Give your youngest guests the best seat in the house with this Lancaster Table & Seating unassembled wooden booster seat with natural finish! This beautiful wood booster seat can proudly be displayed at the tables in your restaurant, hotel, cafe, or banquet hall to provide small children with the extra boost they need to enjoy their meal. Giving your young guests seating that is the right height for them will not only keep them safe but prevent accidental spills and messes as well!

This booster seat includes a lap belt that helps to keep children safe and secure while they're enjoying their meal. Another strap attaches the booster seat to the chair, ensuring that the seat stays firmly in place while in use. The seat's wide, square base also provides superior stability.

This booster seat features a solid wood construction that helps to conceal any dings, scratches, or damage that may occur. In addition to showing off the beautiful wood grain, the glossy wood finish of this booster seat also protects it from moisture damage. The seat can easily be wiped down with a damp cloth to clean any spills or messes.

The rounded corners on this seat provide your youngest guests with a comfortable and safe place to rest their arms while dining. This design also helps to avoid chipping or breaking if the seat is dropped. Thanks to its easy grip handle, this booster seat is a breeze to move around your establishment. Whether you're moving it to a table during the lunch rush or storing it away at the end of the night, the handle provides a convenient way to lift and carry the seat.

This seat can accommodate most children that require a boost at the table. It is only intended for children that can sit upright without assistance. To save you money on shipping costs, this seat ships unassembled. An allen wrench and all necessary hardware is included.
