Notes & Details

Promote hygiene in your establishment with this Lavex automatic soap dispenser. This high-quality dispenser features a sleek titanium finish to complement most restroom interiors and fixtures. It is coated in premium paint to maintain an attractive, high-end appearance, and it features a durable plastic construction made with recycled materials. It has a large 40 fl. oz. (1,200 mL) capacity to minimize the need for refills. Its automatic sensor provides hygienic, hands-free operation. This unit is easy to install with the included mounting hardware.

This dispenser includes a front viewing window and transparent sides to easily keep track of the soap level and know when it's time to refill. It is easily refillable, and it is designed to be used with foam soap and sanitizer only (sold separately). Plus, it includes a lock and key to prevent unauthorized access. This dispenser operates using (4) AA batteries (sold separately), and it has an indicator light to indicate a high, medium, low, or empty battery level. Great for high-traffic restrooms, this reliable dispenser is perfect for quick, convenient soap dispensing.
