Notes & Details

These Lavex Pro nitrile heavy-duty gloves are specially designed for the toughest jobs in restaurants, auto shops, tattoo shops, and salons. These powder-free gloves are made of durable, 6 mil thick nitrile, which is allergen- and latex-free. Plus, the sleek black color provides a professional appearance in any setting.

These 6 mil thick black nitrile heavy-duty gloves provide exceptional puncture, tear, and chemical resistance while maintaining the tactile sensitivity of comparable latex exam gloves. Although these are heavy-duty gloves, they still work great for simple tasks like handling barbecue for added versatility. In addition, the extra thick construction means they will last longer and not shred or tear as easily. Be sure to be equipped with the essentials with these heavy-duty nitrile gloves!

Size: 2X
