Weight	6.5 lb.

Notes & Details

The Lavex Pro convertible blue cordless stick vacuum with tool kit is designed for use in environments where controlled air quality is important. Perfect for use in commercial settings, this vacuum boasts a large 0.8 liter dust bin and superior ultrafine filtration system consisting of a washable sponge filter, non-washable ultrafine filter, and washable stainless steel filter to capture 99.7% of dirt, dust, bacteria, and airborne particles as small as 0.3 microns. It is recommended to change the Ultrafine filter every 2 months based on time of use.

The unit features 3 suction / power levels, allowing it to run on the rechargeable battery for 50 minutes on low and 11 minutes on high. Simply press the min / max power button on the side of the machine to filter through the power settings! Its attractive color and powerful 500-watt motor make it great for use in front-of-house restaurants, medical facilities, schools, computer labs, and other areas where air quality is monitored or must meet certain standards. Plus, the unit's cordless, convertible design makes it ideal for easily cleaning under and around tables, chairs, or other furniture. Not to mention, this vacuum boasts thermal protection and will turn off if it senses over-heating.

This convertible vacuum quickly transforms into a handled unit for those hard-to-clean areas. It comes with a comprehensive tool kit, such as the crevice tool and dust brush. Lock-in buttons ensure your tool kit snaps into place for a tight fit! This vacuum is equipped with a quick-release latch on the dust bin to allow easy emptying of dirt and debris right into your trashcan. The added folding tube also eliminates any back pain from bending over to clean under furniture. The vacuum comes supplied with a wall mount bracket, charger, and detachable 4.0-Amp lithium-ion battery. Thanks to the lightweight 6.5 lb. design and quiet decibel noise level, you can clean any area in your business with ease and comfort!

Toolkit Includes:

- (1) Wall mount bracket
- (1) Crevice tool
- (1) Dust brush
- (1) Charger
- (1) Battery
