Certifications

CSA, Canada

5-15P

Technical Data

Shape	Rectangle
Type	Floor Machines
Wheel Size	5 Inches

Notes & Details

Keeping your floors clean and presentable at all times is made easier with the help of this Lavex Pro 20" corded oscillating rectangular floor machine. Whether you're cleaning a healthcare facility, airport, or retail establishment, this unit has the power to get the job done. It boasts a 3,500 RPM cast aluminum pad driver to boost productivity, allowing you to save time and money. This machine is ideal for scrubbing, spray buffing, stripping, and polishing.

This unit has a rectangular shape that makes it easy to reach into corners. It provides ultimate durability thanks to the heavy-duty cast iron chassis. This floor machine is easy to maneuver with the included 13 gauge steel handle, while simple transport is facilitated by the 5" non-marking ball bearing casters. This unit provides the ease-of-use necessary for operators to clean large areas with minimal fatigue. As an added bonus, a 50' power cord allows for an exceptionally large work area for operation. This unit requires a 120V electrical connection for operation.
