Notes & Details

Keeping your floors clean and presentable at all times is made easier with the help of this Lavex Pro 13" single speed rotary floor machine. Whether you're cleaning a healthcare facility, airport, or retail establishment, this unit has the power to get the job done. It boasts a single speed, 3/4 hp heavy-duty motor for efficient operation. This machine is ideal for scrubbing, spray buffing, stripping, shampooing, and bonnet cleaning.

This unit has a 13" pad size that makes it easy to access hard-to-reach areas. It provides ultimate durability and maneuverability thanks to the aluminum chassis. This floor machine is easy to use with the included 13 gauge steel handle, while simple transport is facilitated by the 5" non-marking ball bearing casters. It provides the ease-of-use necessary for operators to clean large areas with minimal fatigue. As an added bonus, a 50' power cord allows for an exceptionally large work area for operation. This unit requires a 120V electrical connection for operation.
