Certifications

Lavex Pro

## Notes & Details

Enhance your storage capabilities with the Lavex Pro chrome heavy-duty post. Made of durable, reinforced chrome-plated steel, it's built to withstand even the toughest environments. Its heavy-duty construction ensures long-lasting durability, making it resistant to rust and corrosion. When combined with Lavex Pro chrome heavy-duty shelves and accessories (both sold separately) such as compatible feet and casters, this post gives you the flexibility to customize your storage system to meet your specific needs. Whether you need to organize tools, equipment, or supplies, this post is the perfect solution.

Designed for use in dry environments, it's ideal for storage in warehouses and industrial settings. The post includes a post cap and a removable zinc foot, allowing for easy installation and stability. With this Lavex Pro chrome heavy-duty post, you can create a reliable and efficient storage solution that will withstand the test of time.
