

Cable Reels

Auto Rewind Cord Reels

LE2000 Series

*Industrial
Indoor Reels*

The 2000 Series is an excellent option for industrial environments where a small but highly durable cable reel is required. With a strong steel housing and epoxy finish, this reel is tough enough for most industrial environments. At only 9 1/4" in diameter, it also stores a large amount of cable in a relatively small package. The reel comes with hardware for both ceiling and wall mounting to allow for convenient placement.
