

STAY FAST, STAY ORGANIZED

Packed with features designed for speed and ease of use:

1. CAN/FASTENER COMPARTMENTS

2. PVC/DRYWALL SAW SLOT

3. REMOVABLE PARTITION

4. SCREWDRIVER INSERTS

5. TOP CAP CLIP AND PRESSURE LOCKS

MULTIPLE ATTACHMENT METHODS

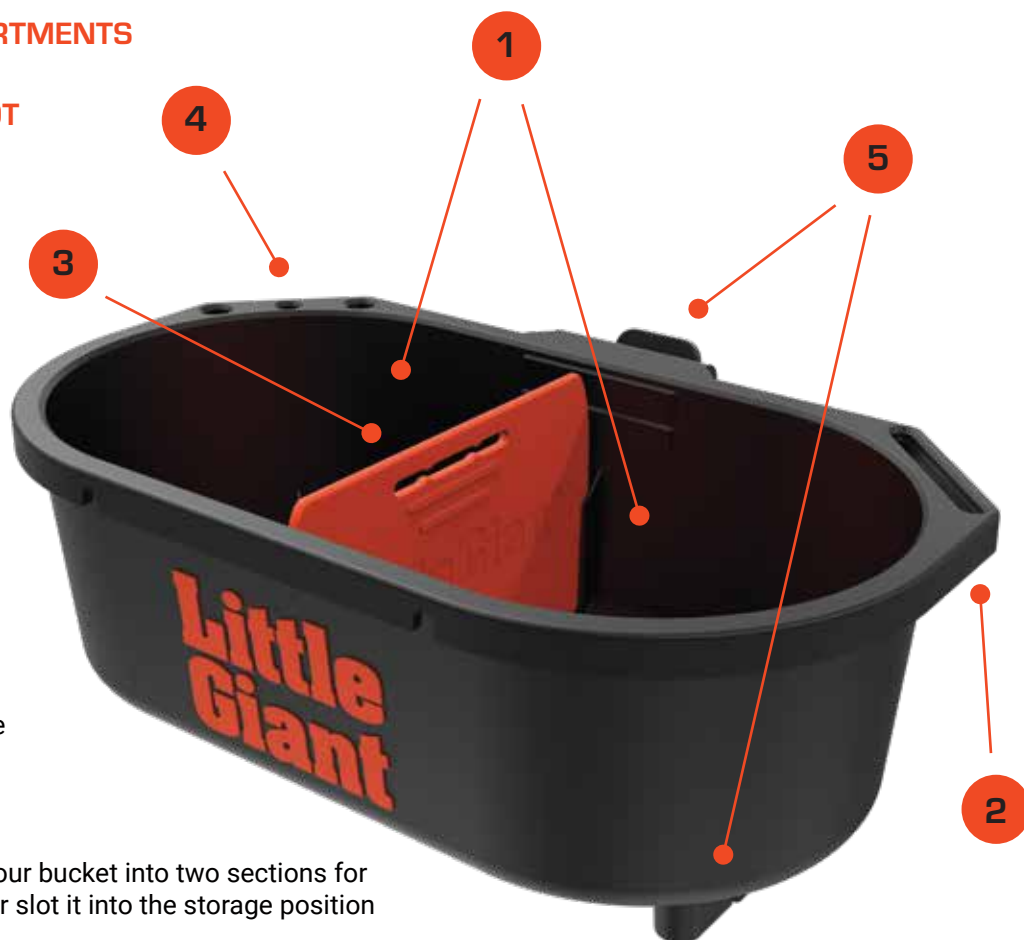

Your stuff, where you need it. Use the hook clip to hang the Loot Box on either side of your top cap or use the fitted underside to securely place the Loot Box on top.

REMOVEABLE PARTITION

Use the partition to separate your bucket into two sections for your organizational pleasure, or slot it into the storage position and live dangerous.

TOOL DOCKS

This bucket has its own toolbelt. The Loot Box's rim has three storage holes for screwdrivers and a longer slot for holstering your PVC or drywall saw.

Can, Primer and Cement Compartment

Keep Loot Close

Multiple Attachment Methods

Removable Partition to Separate Fasteners, Nuts and Bolts.

PRODUCT DESCRIPTION

Tools, gear, kit, loot—whatever you call your stuff, this bucket holds it. Originally designed to secure plumber's cement and primer at the top of your ladder, this versatile equipment bucket can carry anything from Pex rings to wire nuts. Compatible with the King Kombo 2.0 top cap.*
