

Hog Heaven® Tiles

Anti-Fatigue Tiles • Indoor

Hog Heaven tiles offer outstanding anti-fatigue qualities and perform in various environments including those with oil, grease, and chemicals. Available in modular tiles, linkable tiles, and workstations for any configuration.

Hog Heaven Workstation

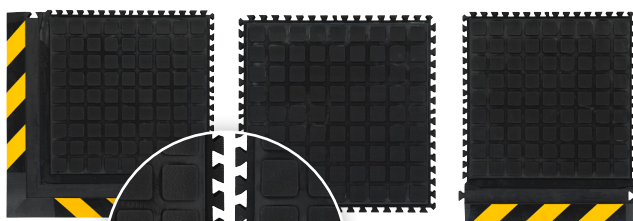

- **Comfortable** – High-density, closed-cell nitrile rubber cushion provides excellent anti-fatigue qualities to reduce the pain and fatigue associated with standing for long periods of time
- **Safe** – Beveled edges provide a safe transition from floor to mat and will not crack or curl
- **Durable** – Nitrile-blended cushion provides years of useful life and is molded, not glued, to the nitrile rubber surface so it will not separate
- **Versatile** – Welding safe; grease/oil proof; chemical resistant; ESD rating of electrically conductive
- Tiles are 3/4" thick and available with black or OSHA-approved yellow border
- Linkable tiles can be linked together to create long runs, Modular Tiles can be linked to create custom configurations, and Workstations are ideal for standing areas
