## SiteSelect™ Posts — {10.80}

Stationary Super Erecta SiteSelect posts are fitted with adjustable leveling bolts to compensate for uneven surfaces. Mobile posts come without leveling bolt assembly to accommodate stem casters. Special length posts are available. See page 50 for stem caster options.

SiteSelect posts provide a visual guide for positioning and adjusting shelves, saving considerable time during assembly and adjustment. An easy-to-identify double groove, every 8" (203mm), offers a quick way to align all shelves.
