Robatayaki RM 115

FEATURES

WHAT IS A ROBATAYAKI?

Inspired by the centuries-old Japanese style of cooking Robatayaki, or often known as Robata, we have created the new Mibrasa® Robatayaki.

A multi-tier open charcoal grill equipped with accessories to perform a range of cooking techniques using grills, Teppanyaki hot plates or skewers. Robata grilling lends to an array of foods from meat, fish, seafood and vegetables, imparting light smoky aromas and flavors we seek in grill cooking.

Originating from the Japanese tea ceremony, which overtime found its way to the north Japanese fishermen utilizing this method to keep food hot while out at sea for long periods. The evolution of the Robatayaki has brought it into the modern kitchen, where chefs prepare the food and display their showmanship in front of diners allowing them to take part in the entire cooking experience.
