Maxithins® Vended Maxi Pads, Regular Protection, 250/cs

Maxithins® Vended Maxi Pads are designed to deliver consistent, full maxi protection in high-traffic environments. Each pad features a multi-channel absorbent core that helps capture and lock in fluid, while the moisture-proof backing reduces the risk of leakage for added confidence. An adhesive strip keeps the pad securely in place, ensuring reliable performance throughout use. Individually boxed in a compact #4 format, these napkins are compatible with most standard menstrual product vending dispensers, including Hospeco systems. BPA-free and packaged 250 per case, they offer a hygienic, efficient solution for restrooms in schools, offices, healthcare facilities, and public spaces.

Key Features

- Multi-channel design for better absorbency
- Channels absorb and lock fluid within the pad
- Moisture proof backing provides protection from leaking
- Adhesive strip holds pad securely in place
- Material: Fluff Core Wood Pulp 82%, Pad Adhesive 9%, Polyethylene Film 6%, Polypropylene Nonwoven 3%
- For use in vending machines
