Notes & Details

Conveniently store and transport your dishes using this Noble Products adjustable "poker chip" dish dolly. Perfect for large-scale catering events and banquets, this dolly features 4 dividers that easily adjust to accommodate 4 1/2"-13" plates, allowing you to create a variety of dish configurations to suit your specific needs. Each compartment can hold 50-60 plates, and the entire unit can hold a maximum of 240 plates in 4 stacks or 300 plates in 5 stacks. Plus, the quick-adjust dolly arms allow for easy loading and unloading so that your plates are both secure during transport and easy to remove.

This unit is made of high-density polyethylene to withstand everyday use. It includes (4) 5" swivel casters and 4 non-slip handles for easy and secure maneuvering through hallways and around corners. For sanitary storage, this dolly comes with a protective vinyl cover. Its rounded corners keep your furniture protected from any accidental bumps. Durable and versatile, this dolly is an excellent choice for transporting large quantities of dishes!
