- Helps brushes turn properly
- Compatible with Last Call heavy-duty electric glass washers

Notes & Details

Keep your Last Call heavy-duty electric glass washers working with the Noble Products drive shaft! This drive shaft is a direct replacement for the one that came with your glass washer, and it transfers the motor's power to the brushes to make them spin. If your brushes aren't working correctly, check to make sure your drive shaft isn't broken, and replace it if needed.
