USE

Introducing...

The Fold-in-Half 6' Banquet Table

MODEL #BMFIH3072

The perfect solution for your banquet and cafeteria use – indoor, outdoor, or any other application such as industrial, material handling environments & utility use that calls for affordable, lightweight, weather resistant and highly durable folding tables.

With our all-new decorative 6 ft. banquet fold-in-half space saver heavy-duty table, NPS® brings to the table a new level of elegance and style. With its first-of-its-kind rounded ends and oblique edges, this classy table will enhance the ambiance of your room. This banquet table folds in half, making it very convenient for storage when you're not using it. Table is built from high-density polyethylene (HDPE) plastic and a speckled grey powder-coated 19-gauge steel frame. The table is lightweight, and weather resistant. It is designed with safety gravity rings which prevent table legs from collapsing while in use and is equipped with our unique locking technology that automatically locks the tabletop in place as legs are unfolded. Once folded, table can be easily carried and transported with its convenient carrying handle.

Our table is extremely durable, ANSI BIFMA tested, and backed by a 10-year warranty.
