

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

Wall Pocket Aluminum #255713

Wall Pocket Vinyl CLAD #255714

Wall Pockets - #255713, #255714, #255715 & #255716

Pockets are constructed of durable yet light weight anodized aluminum. They can be attached with the included pressure sensitive tape to a wall, door, bed, cart, or file cabinet for convenient and easy access to files and charts. Side flanges are also pre-drilled for easy mounting where screws are used to secure the pocket. These units are available in two sizes: 7 inches high by 14 inches wide and 9¾ inches high by 17 inches wide. Both sizes taper to 1 inch depth at the bottom. These units have a lifetime warranty included.
