

# PA-18B 18" INFLATABLE BLOWER

Available Colors ●

The PURAERO PA-18B commercial grade blower is designed for 18-inch inflatable advertising air dancers. Its powerful, high static 1.0HP motor produces 5500 CFM of upward airflow that can easily inflate air puppets up to 20 feet high. The PA-18B features fully enclosed, sealed motor and water resistant on/off switch to protect the inside mechanism from rainwater. The exhaust port's outer perimeter is equipped with a 2-inch-wide Velcro strip to accommodate a secure connection to any air puppet brands of up to 20 feet tall. Like all other PURAERO products, the PA-18B is made with high impact, rotomolded plastic housing to ensure durability.

### PRODUCT FEATURES

- Durable and Lightweight Housing Design
- Lockable Casters For Easy Mobility and Safety During Set Up
- Balanced and Sturdy Handle For Secure Transport
- Wrap Around Cord Design to Keep Cables Organized

### SPECIFICATIONS

Volts / Cycle / Watts	115V / 60Hz / 870W
