

PA-250-LP LOW PROFILE AIR MOVER

1/4 HP DAISY CHAIN

Available Colors   

The PA-250-LP Low Profile Air Mover is a light-weight, commercial-grade, low-profile air mover that produces large air volume for intense drying and air circulation. The compact and durable rotomolded plastic housing is designed for tight areas such as crawl spaces, basements, attics and more. The PA-250-LP can be stacked up to 6 units vertically and horizontally for easy storage and to speed up the drying process, these units can be daisy chained up to 5 units through its built-in low draw 2.51A GFCI outlets.

PRODUCT FEATURES

- Built-In GFCI Power Outlets for Daisy Chain
- Interlocking Housing Design for Stackability
- Wrap Around Cord Design to Keep Your Cables Organized
