

## PA-600-HAS HEPA AIR SCRUBBER

### 1/4 HP GFCI OUTLETS FOR DAISY CHAIN

Available Colors 

The PURAERO PA-600-HAS HEPA Air Scrubber is a portable filtration system that help eliminate hazardous airborne particles and improves air quality. Its lightweight, compact and rotomolded plastic housing design, allows easy handling for operators to move the unit from one room to another. The PA-600-HAS HEPA Air Scrubbers have become an essential part of maintaining air quality in places such as hospitals, offices, construction sites, universities, water or fire damaged buildings and more. Failure to properly clean the air can ultimately lead to health issues, lower job quality, and higher remediation costs, which is why it is so important that job sites use an air scrubber. The PA-600-HAS HEPA Air Scrubber features high RPM motors, high-efficiency backward-curved blowers, and upright type cabinet designs. It comes fully equipped with 1st Stage PRE FILTER (PA-PF) – designed to filter larger particulates to protect and extend the life of the subsequent 2nd Stage HEPA Filter (PA-HF) that can filter up to 99.97% of 0.3 microns. The optional Activated Carbon Filter (PA-CF) allows the PA-600-HAS HEPA Air Scrubber to capture a wide variety of Volatile Organic Compounds (VOCs) including soot and smoke, food odors, fumes from paint and paint thinners, sewer odors, and many other compounds.

#### PRODUCT FEATURES

- Built-In GFCI Power Outlets for Daisy Chain
- Interlocking Housing Design for Stackability
- Wrap Around Cord Design to Keep Your Cables Organized
- Power Indicator Light

#### SPECIFICATIONS

Volts / Cycle / Watts	115V / 60Hz / 255W
Motor / Amps (On High)	1/4 HP / 2.2A
Max Air Volume (L / H)	600 CFM / 675 CFM
Max Air Velocity	1909 FPM
Fan Speed (On High)	2500 RPM
Speed Settings	Variable
Noise Level	69dB
Unit Size (LxWxH)	23.61" x 14.21" x 22.01"
Unit Weight	29.8 lbs.
Power Cord	25' / 14AWG
Safety Certification	ETL/cETL
Xactimate Code	WTRNAFAN
Warranty	1 Year – Parts & Labor 5 Years – Housing
