

The Mighty Corn Dog ParaFryer 3000

The Mighty Corn Dog ParaFryer 3000 works great for not only corn dogs but will work great for any food on a stick. Our compact and portable unit is easy to use and ideal for concession stands and carnivals.

Features:

- Optimal capacity; will cook up to 12 corn dogs at a time
- Crafted with 20 Gauge Stainless Steel
- Digital Thermostat Display; which means no more guess work!
- Thermostat dial adjusts oil temperature from 200° - 400° F
- 37.5 lbs of oil capacity, marked with a minimum and maximum line to help operators work quickly and efficiently.
- Uses a 240 Volt Tubular Element and a NEMA Style 6-15p plug, which reduces recovery time between cooking batches. **Requires special electric set-up.**

NEW!!!

The oil drain value allows easy clean-up, and has a slide bit lock to avoid accidental drainage.

* Always allow this unit to cool before touching metal components & surfaces.

Features

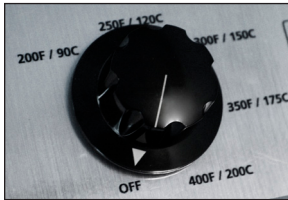

Digital Thermostat Display

The digital display tells you the oil temperature to allow for more accurate frying. No more guess work! Simply read if the oil is hot enough for use and cook as needed.

240 Volt NEMA 6-15p Plug

Using the 240 Volt plug allows for high wattage capacity and reduced recovery time between cooking batches.

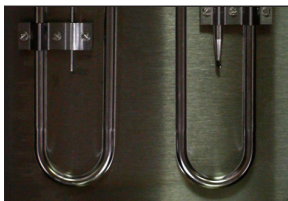

Adjustable Temperature Dial

Smooth adjustments from 200°- 400° with no harsh ratcheting between temperatures. Set your desired temperature and the Digital Thermostat will change as the oil heats until you're ready to go!

Stainless Steel Construction

Crafted with 20 Gauge Stainless Steel makes our fryer very durable. The oil reservoir has a 37.5lbs. capacity; marked with a Minimum and Maximum line to help operators work quickly and efficiently.

240 Volt Tubular Element

Internal cooking area is 8.25" w x 16.5" d x 9.5" h and will cook 12 corn dogs at a time.
