

6FT POWER COATED SLATS METAL BENCH

Engineered for high-traffic public environments, our Powder-Coated Steel Bench delivers a superior combination of durability, comfort, and aesthetic appeal. Constructed from heavy-duty 1/4" x 1-1/2" steel flat bars with a precision-welded frame, this bench offers an exceptional weight capacity of 1,600 lbs, ensuring a surface that is exceptionally rugged and reliable even under continuous use. The thick, glossy powder-coat finish provides a robust protective barrier that withstands severe weathering, heavy wear, and extreme heat, preserving its pristine appearance without peeling, cracking, or fading over time. Whether installed at luxury hotel entrances, bustling city walkways, or public parks, this bench is designed to deliver lasting performance while enhancing any outdoor setting with its sleek, professional look.

FEATURES:

- > The thick powder-coat finish is weather-resistant and will not peel, crack, or fade
- > The heavy-duty steel construction, crafted from 1/4" x 1-1/2" flat bars, supports up to 1,600 lbs.
- > The contoured seat and armrests are ergonomically designed for comfortable extended seating.
- > Pre-drilled mounting holes allow for permanent surface installation, with hardware included.
- > Available in with-back and without-back options to meet diverse needs.
