

PLASTIC BIRD SPIKES

DURABLE, TRANSPARENT POLYCARBONATE NEEDLE STRIPS

Bird spikes function as a 'keep-out' sign for birds. Dense bird spikes branch out from the vertical shafts to offer impenetrable coverage. The flexibility of bird spikes allow mounting on flat or curved surfaces and are easy to install. Stackable 12" sections make it easy to carry a quantity of bird spikes and help minimize waste.

Bird-X Plastic Bird Spikes come in two widths: narrow and regular, and in lengths ranging from 10 feet to 100 feet. No matter the location, you can stop birds from perching with this effective physical barrier.

Coverage	Each section of spikes covers 1 linear foot
Base Width	0.5" (Narrow), 1" (Standard)
Height	Highest point 4.75"
Spread	2.5" (Narrow), 6.5" (Standard)
