

PURELL® VERSAHOLD™ Point of Care Bracket

The flexible hand hygiene solution for improved compliance

Drive hand hygiene compliance by making PURELL Instant Hand Sanitizer available at the point of patient care.

The PURELL VERSAHOLD bracket provides flexible options for attaching to a wide variety of fixtures:

- Patient beds
- Bedside tables
- IV poles
- Wheelchairs
- Stretchers
- Medical carts
- Mobile computer stations
- Many other vertical and horizontal surfaces

Studies show that inaccessibility of hand hygiene products is a major barrier to compliance. Providing easy access at the point of patient care is a proven way to improve compliance.¹

NEW

Optimal hand hygiene compliance is always within reach.

- Addresses a key barrier to hand hygiene compliance: access to hand hygiene products
- Helps meet WHO and CDC compliance standards throughout the patient zone—in patient rooms, on mobile transport, in work areas, wherever needed
- Quick and easy on and off mounting capability, **no tools required**
- Fits foam and gel bottles of PURELL—America's #1 hand sanitizer
- Compatible with the natural workflow of patient care

PURELL Point of Care Solutions are part of a complete line of gentle but effective hand hygiene products from GOJO. For more information, call 800-321-9647, visit healthcare.GOJO.com or email healthcare@gojo.com.

PURELL PERSONAL Gear Retractable Clip	24	9608-24	2 fl oz: 9648-24, 9606-24 45 mL: 5698-24, 5692-24

The PURELL VERSAHOLD Point of Care (POC) Bracket helps overcome barriers and drive compliance at critical times during patient care.

Easy to use

- Quick on and off universal mounting ability
- Easy tightening feature
- No tools required
- Wipe surface for easy cleaning

Attaches to a variety of fixtures

- Patient rooms (bed foot board, IV pole, bedside table)
- Transport (IV pole, gurney, wheelchairs, patient bed)
- Equipment (housekeeping or food cart, computer on wheels)
- Work areas (desk surfaces, nurse stations)
- Visitor access (registration desk, shelf areas)

Secure, yet portable

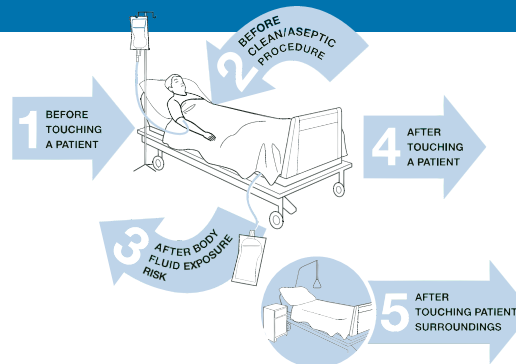

- Clasp feature helps deter bottle misplacement or theft
- Detaches easily for alternate placement

PURELL VERSAHOLD POC Bracket helps comply with WHO Guidelines on hand hygiene in health care

The World Health Organization has defined five key moments when healthcare workers should perform hand hygiene. The WHO states that for optimal compliance, handrubs should be readily available at the point of care. Point of care emphasizes the need to perform hand hygiene at recommended moments exactly where care delivery takes place—without leaving the patient.¹

1. World Health Organization (2009) Guidelines on Hand Hygiene in Health Care: First Global Patient Safety Challenge Clean Care is Safer Care.
