

PUSH FOR SERVICE LIGHT

IMPRESS WITH EASE

Impress your guests with the perfect balance of attentive but not overwhelming service with the Service Ideas Push-for-Service Light. The perfect addition for restaurants, coffee shops, and other service-oriented hospitality businesses. Simply set the light on tables to create an easy way for guest to signal service is needed. With just a simple push of a button, your server will be visually alerted that attention is required.

PUSH FOR SERVICE LIGHT

3" X 3" X 8"

PFSBLK Black

- LED light bulb activated by a button switch at the top and powered by two standard AAA batteries (not included)
- Constructed of durable plastic with a weighted base to keep it from toppling over during service
- Designed with a small footprint to easily fit among dinnerware and décor
