Notes & Details

Give your customers the convenience of having a way to carry their goods without needing to push around a bulky cart. The Regency blue 18 11/16" x 12 3/8" plastic grocery market shopping basket with stand and sign is the ideal solution for delis, supermarkets, and convenience stores. Constructed of durable plastic, these (12) baskets are both resilient as well as light weight.

Steel handles provide added support and strength and include grips for additional comfort. The design of the basket does not allow for any water buildup, making it capable of being kept outside of your establishment as well as inside, without worry of water being tracked indoors. To save on space, these baskets can be stacked when they are staged for customer use or when placed into storage. The smooth plastic construction is also easy to clean and maintain.

For a central spot to keep your baskets, a stand is included that can hold up to 12 baskets. It is made of durable iron for a piece that is built to last whether placed inside or outside of your business. The slot at the top of the stand is perfect to place the included sign. With bold black lettering on a white background, this sign will promote grabbing a basket and entice your customers to impulsively fill it up during their shopping excursion. Written in both English as well as Spanish, the sign will appeal to a larger pool of shoppers.
