Notes & Details

Easily transport bulky supplies around your establishment with this Regency chrome two basket and one shelf utility cart! This cart features (2) 18" x 48" basket shelves and (1) 18" x 48" flat shelf that are easily adjustable by height to accommodate products of all different sizes, enabling you to make the most efficient use of your storage space. Its sturdy chrome construction makes it ideal for dry or heated environments, and its open base design provides easy unloading and loading of your products.

An excellent addition to your office, warehouse, retail facility, or food service establishment, this cart provides the strength that you need in your commercial location. With an impressive 600 lb. capacity per basket shelf, this cart can withstand the weight of even your heaviest products and equipment.

An open wire design not only provides a clear view of the cart's contents, but also minimizes dust accumulation for easy cleaning. One sturdy chrome handle combines with (4) 5" polyurethane swivel stem casters, making this cart easy to steer and maneuver around your facility. When the cart isn't in use, each of the casters come with brakes to hold the unit securely in place. This cart ships knocked down for savings on shipping and is incredibly simple to assemble.
