## Notes & Details

Provide your customers with optimal shopping convenience with this Regency 1.4 cu. ft. supermarket one-tier black shopping cart! A perfect addition to delis, supermarkets, bodegas, and any other retail operation where carrying assistance is needed, this cart is just what your shoppers are looking for. Complete with one front basket with a 132 lb. capacity and an additional 33 lb. capacity back basket that offers greater organization while shopping, this shopping cart is able to carry up to 165 lb. total, making it great for lighter shopping trips when a large cart is not necessary. It features a durable zinc finish with an attractive black coating to ensure it will be able to withstand frequent use in your busy, high-traffic establishment.

With (2) 5" front swivel casters and (2) 5" rear fixed casters, maneuverability is simple when navigating through tight aisles or around other shoppers. The handle is easy to grip and comfortable for your patrons to push around your establishment. With its wire-style frame, water is not able to collect, meaning these carts can be easily stored under outside cart return roofs and allow for easy cleaning in the event an item spills or leaks. This cart also nests together with other like-sized carts for easy, space-efficient storage, taking up less floor space. To save on time, this cart ships fully assembled.
