Notes & Details

Easily transport a wide variety of bulky products, small items, and everything in between with this Regency stainless steel three shelf utility cart! The rugged, spacious shelves are made of 20 gauge 430 stainless steel that will not only support heavy product without fear of buckling, but are also extremely simple to clean. Thanks to the welded construction, this utility cart has an impressive 500 lb. capacity. The shelves also have a solid design that allows them to accommodate smaller items that may slip through the cracks of comparable carts with wire shelves.

Whether you're moving fresh product from receiving to storage, clean dishes and flatware to set tables for catered events, or bus tubs full of dirty dishes to the warewashing area for cleaning, this utility cart is sure to get the job done! The protective bumpers on its legs and handle will help prevent damage to walls and furniture. The stainless steel handle and (4) 5" polypropylene and thermoplastic rubber swivel stem casters make maneuvering this cart a breeze. The swivel casters are also non-marking and quiet so you can move this cart with ease. When the cart isn't in use, two of the casters come with brakes to hold the unit securely in place. It ships fully welded for added convenience so you can start using it right away!
