- Baskets are easily stackable, saving space during storage
- Easy to clean and provides convenience to customers

Certifications

Notes & Details

Give your customers the convenience of having a way to carry their goods without needing to push around a bulky cart. The Regency green 16 3/4" x 11 13/16" plastic grocery market shopping basket with plastic handles is the ideal solution for delis, supermarkets, and convenience stores. Constructed of durable plastic, this basket is both resilient as well as lightweight.

The handles are wide and flat for more even distribution of weight, as opposed to thin round handles that can be uncomfortable to carry. The design of the basket does not allow for any water build-up, making it capable of being kept outside of your establishment as well as inside, without worry of water being tracked inside. To save on space, these baskets can be stacked when they are staged for customer use or when placed into storage. The smooth plastic construction is also easy to clean and maintain.
