

Regency Pre-Rinse Faucet Spring

#600FPRSPRING

Technical Data

Type	Springs
------	---------

Features

- Replaces a broken or worn out faucet spring with ease
- Compatible with Regency, T&S, and Fisher units

Notes & Details

This Regency pre-rinse faucet spring is a perfect replacement for the one that came standard on Regency pre-rinse faucets, and it will also fit T&S and Fisher brand products. Replacing a broken spring will help keep your unit's hose in the correct position during use and when it is stored. This also reduces the stress on the hose at key points.

 **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.
