## Plan View

## Notes & Details

Maintain safe and sanitary floor conditions in your busy back-of-house area with this Regency 18" x 18" 14-gauge stainless steel floor sink with removable grate. Featuring a durable 14-gauge, type 304 stainless steel construction, this item was built for increased longevity and everyday use. Not only is its square sink design more compact than most floor troughs and great for installation beneath steam equipment in your restaurant's kitchen, allowing for efficient end-of-day draining, but also it can be utilized within any establishment that requires draining of excessive amounts of water. Not to mention, the flanges around the perimeter mount directly to the subfloor to provide added stability.

This Regency floor sink comes with a removable grate and strainer basket for your utmost convenience. Designed to prevent your drain from clogging, the strainer basket is ideal at capturing large food scraps and other debris before they go down your sink and create a blockage. The strainer basket is also easy to remove for quick and efficient cleaning thanks to its sturdy, built-in handle. Plus, this item was constructed with a 3" long drain outlet, which accommodates waste pipes up to 4" in diameter, ensuring that it meets all your versatile draining needs!
