### Features

- 10" long swing spout
- 2 GPM aerator
- Swivel design is great for filling multi-compartment sinks
- Can be used to replace a broken spout or change the spout style
- Swivel nut connection fits most brands

## Notes & Details

This Regency 10" swing spout is perfect for use as a replacement, or you can use it to change the spout style or length of an existing faucet. It measures 10" long and has a 2 GPM aerator to provide a gentle flow pattern with minimal splashing. Since it features a swing design, you can easily move it out of the way when washing larger cooking vessels, or move it to fill multi-bowl sinks. It attaches to the faucet base with a 1/2" NPS connection and is designed for use on Regency faucets as a replacement or an upgrade.
