Notes & Details

Install a convenient and useful water fixture in your business with this Regency wall mount faucet! This faucet features 8" centers for fast and easy installation, and its 8" long swing spout provides excellent reach and clearance for rinsing out glasses and washing dishes in your sinks. This faucet is designed for use in janitorial and dishwashing applications only, and is not intended for applications where the fixture will be used to supply drinking water, or water for cooking.

For quick identification, this faucet features two easy-to-turn, labeled and color coded handles for hot and cold water. Plus, the entire unit features an attractive chrome-plated brass construction that looks great in any setting! It comes with a 2 GPM aerator outlet that provides a gentle stream perfect for most standard applications. An installation kit is required for setup (sold separately).
