1/2" Water Connection

Technical Data

Temperature Rating	140 Degrees F
Type	Wall Mount Spout
Valve Type	No Valve
Water Inlet Size	1/2 Inches

Notes & Details

Ensure that your hand washing sink is ready for use with this Regency wall mounted faucet with 6" long swivel gooseneck spout! If the spout that came with your Regency hands-free sink is broken, use this assembly as a replacement. This faucet is designed for use in janitorial and dishwashing applications only, and is not intended for applications where the fixture will be used to supply drinking water, or water for cooking.

The tall swivel design provides plenty of clearance for comfortable hand washing, and the durable, chrome-plated brass construction ensures longevity. This faucet has a single, 1/2" NPT female inlet that installs directly to your sink's water line.
