

Regency Open Powder-Coated Steel Air / Water Hose Reel with 30' x 1/2" Hose

#600HRPC1230

Technical Data

Length	17 1/2 Inches
Width	8 3/4 Inches
Height	18 1/2 Inches
Hose Length	30 Feet
Hose Interior Diameter	1/2 Inch
Application	Air Water
Color	Black Blue
Included	Hose

Features

- Corrosion-resistant, powder-coated steel reel houses 30' hose
- Single arm guide ensures precise control and effortless pulling / retracting
- Locking mechanism allows for locking at preferred length
- Includes a speed control device for slow, safe automatic rewinding
- Modular reel design for convenient maintenance and inventory

Technical Data

Features	Corrosion-Resistant Locking
Material	Powder Coated Steel
Maximum PSI	300 PSI
Mounting Style	Surface Mounted
Outlet Size	3/4 Inch
Pressure	Medium
Return Style	Retractable
Style	Open
Type	Hoses Reels

Notes & Details

Equip your business with the Regency open powder-coated steel hose reel with a 30' hose! With a multi-fit bracket, the base is built to mount on a wall or floor for convenient access in janitorial locations and commercial kitchens. Highly versatile, this spring-driven hose reel can be located precisely where you need it.

The hose features a 1/2" inner diameter, and it is housed on a powder-coated, corrosion-resistant steel reel for durable, long-lasting use. The modular reel makes for convenient maintenance and inventory, and it is designed for both air and water applications. This reel includes a single guide arm for precise control over the 30' hose which pulls and retracts smoothly and effortlessly for optimal performance.

Additionally, the fully-enclosed, multi-position release ratchet spring allows you to lock the hose at your preferred length, prohibiting reverse winding and helping prevent damage to the unit. It also includes a speed control device with a retraction time that is twice as slow as other models which ensures safe and secure use when rewinding the hose. This unit has a 3/4" NPT outlet and it is rated to 300 PSI.
