Notes & Details

Enhance your washdown station with this Regency EPDM rubber washdown hose! This durable hose is made with polyester braid reinforced rubber and equipped with stainless steel 3/4" swivel MGHT and 3/4" FHGT connections, ensuring a secure and leak-free fit. The swivel end fittings prevent kinks during use, providing a smooth and efficient water flow. With the ability to withstand up to 300 PSI of pressure, this hose is perfect for commercial applications that require reliable water delivery.

Designed to handle high temperatures, this rubber washdown hose can withstand temperatures up to 200 degrees Fahrenheit, making it suitable for a variety of hot water applications. Whether you're cleaning equipment, floors, or outdoor spaces, this hose is the perfect addition to any washdown station. This durable hose is a dependable and long-lasting tool for maintaining cleanliness and sanitation in your establishment.
