Notes & Details

This Regency 63" blue insulated polyester bun pan rack cover will help preserve the freshness of your food while stored in a freezer! Sized to fit many popular full height pan racks, the cover's versatile design allows for both side and end loading of pans. While its incorporated label holder assists in keeping multiple racks organized, its four zippers provide employees with easy access to items without having to remove the entire cover, saving valuable time and effort.

Made of heavy-duty, vinyl-covered polyester, this blue cover combines a tear-resistant top with reinforced seams to ensure long-lasting use. It has a thick insulation to keep items cool when they're rolled out of the freezer. It's also easy to slip on and off racks and has a sewn-in loop for easy hanging on a wall when not in use. Ideal for caterers, cafeterias, restaurant kitchens, and bakeries, this insulated cover provides peace of mind in knowing that your food items are always protected from harmful germs or other debris.
