Usage	Dry Environments Front of House Garage Kitchens Retail Stock Rooms Warehouse

Notes & Details

Keep your storage area organized with the Regency 21" x 60" NSF chrome mobile shelf kit! This kit includes (4) 21" x 60" wire shelves and (4) 64" posts, which allow you to create a convenient storage solution for your janitorial closet, retail store, warehouse, or office space. This unit's high-quality design is commercial grade and delivers the reliable performance every business expects and needs.

Each shelf features a wire construction, which allows for proper air flow around the stored supplies, products, or ingredients. They're adjustable, too; since the posts are marked in intervals and use a split sleeve system of assembly, the shelves are easy to move higher or lower along the posts. This is especially great for expanding businesses that may not have finalized their product offerings.

The posts accept the included 5" casters with brakes, providing quick and easy mobility. Because the casters are equipped with brakes, you can easily lock the unit in place when needed. 16 pairs of split sleeves are provided, and each shelf accommodates up to 450 lb. of weight. This shelving unit requires assembly.
