Notes & Details

Keep your storage area organized with the Regency 14" x 72" NSF chrome shelf kit! This kit includes (4) 14" x 72" wire shelves and (4) 74" posts, which allow you to create a convenient storage solution for your janitorial closet, or warehouse. The unit's high-quality design is commercial grade and delivers the reliable performance every business expects and needs.

Each shelf features a wire construction, which allows for proper air flow around the stored supplies, products, or ingredients. They're adjustable, too; since the posts are marked in intervals and use a split sleeve system of assembly, the shelves are easy to move higher or lower along the posts. This is especially great for expanding businesses that may not have finalized their product offerings.

16 pairs of split sleeves are provided with each shelf, and each shelf accommodates up to 450 lb. of weight. Each post includes a foot for leveling. This shelving unit requires assembly.
