Certifications

Notes & Details

As part of the Regency Space Solutions collection of chrome coated wire shelving, you can count on this 14" hanger rail to work with your shelving to provide extra storage space in your dry storage areas like air conditioned storage rooms and closets. This hanger rail has a weight capacity of up to 80 lb. so that you can store plenty of textiles, pots and pans, and much more! This hanger works with Regency shelving posts as well as posts from Metro and other brands. Split sleeves are sold separately.
