Notes & Details

If you're looking for a reliable storage solution for your business, look no further than the Regency 30-jug chrome 5 gallon water jug rack! Its chrome construction offers long-lasting durability, while its open design ensures proper air flow around your stored jugs. Great for stock rooms, warehouses, and other dry environments, this shelving unit offers the same benefits as wire shelving, but with greater strength for heavier storage.

Each of this kit's 3 shelves can hold up to 450 lb. of evenly-distributed weight. This strength and durability make it the perfect place for storing up to (30) 5 gallon water jugs. Plus, the high weight capacity helps the shelf accommodate business growth as storage needs evolve and product inventory expands. This product offers the rigidity of solid metal, but can easily be adjusted. Three 3-sided frames stabilize the structure and prevent any jugs from sliding. For shipping savings and easy transportation, this unit is shipped flat. This rack is easy to assemble for same-day use in your business. This rack is easy to assemble for same-day use in your business. This Regency rack is a perfect storage option for your 5 gallon jugs.
