Notes & Details

Use this Regency 18" x 24" x 1" hardwood cutting board insert to maximize the benefits of wire shelving in your kitchen or storage area while keeping your operation organized and streamlined. This cutting board is designed to fit effortlessly into 18" x 24" wire shelving. It allows your wire shelves to double as a cutting board or butcher block. Versatile and attractive, the board also provides a way to add the natural beauty of wood to the otherwise industrial look of your wire shelving kit.

This board is made of durable 1" thick rubberwood that will resist bending and breaking with time. Plus, the edge grain design showcases the wood's unique character. Look no further for a versatile wire rack addition that helps maximize productivity while utilizing space as efficiently as possible.
