- Polished finish offers a professional appearance

Notes & Details

Easily connect your wire shelving units with this Regency stainless steel "S" hook. Ideal for attaching two shelving units side by side, this hook streamlines setup and maximizes storage efficiency. Made from heavy-duty stainless steel, this hook is built to withstand the rigors of daily use while maintaining its polished, professional look. Once installed, it allows items to be hung from the shelves with ease with a polished, professional appearance. Perfect for commercial or industrial environments, this "S" hook is a reliable and versatile addition to your storage system.
