Notes & Details

Hold and transport a wide variety of your most popular baked goods with the Regency 40 pan end load enclosed bun/sheet pan rack. The sheet pan rack can accommodate up to (40) 18" x 26" pans, while integrated rail-type ledges are spaced at 1 1/2" intervals and not only offer sturdy support, but also ensure safe and easy transport of your pans. An enclosed design with a solid door and built-in latching mechanism provides unparalleled storage security.

Aluminum construction ensures long-lasting durability, and the rack is mounted on four 5" casters, including two with brakes, for effortless mobility throughout any commercial kitchen or bakery. For added convenience, this item's welded construction allows it to be used right out of the box! This saves significant time and labor during setup. Users can simply unpack it, place it in its desired location, and proceed to put it to use.
